# NOR

We grow together —

## MATERIALS

---

FLEXA is proud to present our new collection NOR. It is designed in the finest oak wood combined with white MDF that brings the Scandinavian design to life.

Scandinavian design

NOR MID-HIGH BED

# THE NAME - NOR

Phonetic NOR sounds like “north” which gives associations to Scandinavia and Denmark.

As a bonus info NOR means little sweet child in Danish.

04  
05

# MIX AND

06  
07

The design and natural materials makes it possible and obvious to mix and match NOR with storage from our POPSICLE, CABBY and PLAY collections.

The simple white design combined with the natural oak provides an elegant, timeless and Scandinavian expression.

# MATCH

## PLAY WITH ME

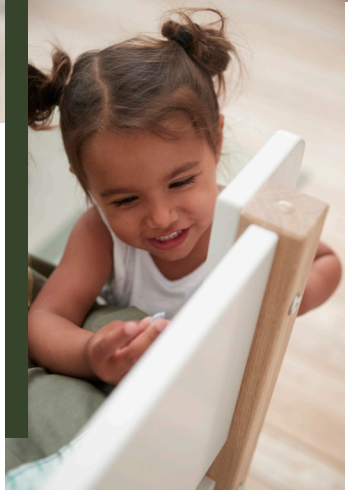

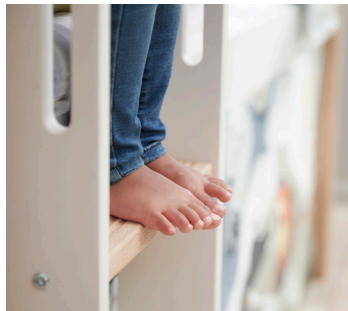

Play is about more than just fun. Through play children can be inspired to seek knowledge and expand the bounds of their creativity and strengthen their natural curiosity.

NOR is compatible with all of our textiles so it is possible to get a more playful expression in the kids room – for all kids to enjoy.

10  
11

# SAFETY DETAILS

Safe ladder with integrated handles and antislip steps in oak. Solid, high-quality wood and MDF. No sharp edges.

The safety rail for NOR is available in white. The holes make it possible for the child to look out and the parents to look in.
